The threshold for a SPDES General Permit for Stormwater Discharges from Construction Activity is vary rarely required for proposed construction projects in the Village since most of the Village is developed and is zoned for development less than one (1) acre. The Village will review SWPPPS and associated plans as submitted to verify the compliance with their effectiveness with the Village's compliance with the Construction Site Stormwater Runoff Control Program requirements.

C. How many times was this observation measured or evaluated in this reporting period?

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The threshold for a SPDES General Stormwater Permit Discharges from Construction Activity is not often met in the Village since most of the Village is developed and is zoned for less than one (1) acre development. The Village will continue to add BMPs to the inventory as required and will evaluate the number of BMPs inventoried as an indicator for measuring the overall effectiveness of the Village's compliance with the Post-Construction Stormwater Management program requirements.

C. How many times was this observation measured or evaluated in this reporting period?

How many MS4s contributed to this report?

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.
